

ADULAM MINISTRIES

Greetings from Ciudad Juárez,

Adulam from afar, and he has now been living and working in leadership at the ministry for the past year and a half. Pictured here are the men from the rehab center serving as attendants in the wedding. Our deepest congratulations and love go out to Antonio and Susana as they begin their new life together.

This spring, the men at Adulam have been busy giving the buildings at the ministry a much-needed facelift. Most of the maintenance work has been completed in order to remain within the codes set by the Mexican government. Projects such as laying tile, plastering and painting walls, and replacing bathroom fixtures have filled the past several months and made the men proud of their home away from home. We are so grateful to those who have supported us financially through this process, as such projects would not be possible without your partnership.

(con't on page 2)

The past several months have been full of exciting events here at Adulam Ministries. In June, we were blessed to celebrate the

wedding of Antonio Martínez and his bride, Susana at La Puerta de la Fe Church. Antonio has been a long-time friend and supporter of

Fundraising Update

We are so grateful for the many supporters that make our ministry possible through financial generosity. As we look to the coming year of ministry, we feel God leading us to grow in a few specific ways. First, we want to be able to offer a more dependable monthly stipend to those who serve on the leadership team at Adulam. We also feel God is calling us to continue to invest in the maintenance and upgrading of the rehab center's facilities and cover the rising costs of running the center.

While we have supporters that give a few large donations each year, **we are hoping to grow our team of monthly givers**, who through smaller automatic (ACH) monthly donations help us to budget for needs such as those mentioned here. *Would you prayerfully consider supporting Adulam Ministries on a monthly basis?* If so, please click here to visit the [Global Horizons Inc.](#) website (the ministry that handles our financial donations) and click "Donate Monthly." If not, please consider sending a one-time gift or word of encouragement. Thank you!

We were quite surprised this spring to inherit a new ministry from a retiring missionary in this part of the country. After prayerful consideration, we have agreed to take on the challenge of continuing his summer ministry, which includes a one-week camping retreat for approximately 3000 people. The planning of this event has required much patience and faith on our part over the past several months, but we are excited to see our efforts come to fruition in mid-July. We are also looking forward to the second

facet of this new ministry, which includes short-term mission trips to the mountain town of Baborigame, where we were involved in building a ministry center 8 years ago. We appreciate your prayers for all that these endeavors entail.

Finally, Laura has been keeping busy this summer teaching children's ministry classes at La Puerta de la Fe Church (pictured left). It seemed fitting to put her newly completed studies to work in the ministry realm, and it has been a blessing to work with a large group of teachers from the church who are interested in improving this area of the church's ministry.

Prayer Requests:

- *Pray for our newly acquired camping and missions ministry that will begin in July.*
- *Pray for the mission team from St. Paul, MN, that will be joining us in ministry in late July and early August.*
- *Pray for wisdom and for God to take care of the details as we continue to maintain and improve the ministry's buildings and grounds.*
- *Pray for God to continue to effect lasting change in the lives of the men who go through the rehab program.*

Salazar Family News

Life is busy at the Salazar house as well. Lydia finished first grade in June. She is becoming quite a talented young dancer, which means Mom and Dad spend much of our free time at the ballet studio. Levi will be 5 in August and has developed a passion for all things scientific this year. Our kitchen table often resembles a laboratory, but we find it is a positive way to channel some of his energy! Juan continues his work at the rehab center and other ministry opportunities around town (which seem to spring up daily), while Laura finished her Master's degree program at UTEP this spring and is looking forward to a new year of teaching without being a student herself. We are blessed beyond measure and truly grateful for your friendship.

Dios les bendiga (God bless you),

Juan, Laura, Lydia, and Levi Salazar
